H.E.A.R.T.'s mission is to promote best practices for animal welfare in Eaton County by encouraging the spaying and neutering of dogs and cats, advocating for and seeking to improve conditions and outcomes for impounded animals, educating the public on responsible pet ownership and reducing the number of adoptable dogs and cats being euthanized in Eaton County.

The economy is tough and people in Eaton County, like everywhere else, need help, including with their pets.

With the assistance of an ASPCA grant, H.E.A.R.T. can help you vaccinate your pets.

Don't surrender your pets because you can't afford to vaccinate them - we can help!
